

NEW!

Trinovid HD 42.

Always ready for use – spots every single detail.

Always at hand – in every situation.

For a better and quicker overview.

The new Trinovid HD boasts high optical performance and is also extremely rugged. A sophisticated neoprene carrying system ensures comfortable handling and enables quick access and safe storage. Thanks to reliable Leica optics, the Trinovid HD offers exceptional contrast, brilliant colour fidelity and optimum light transmission. The high-traction rubber armoring makes the binoculars extremely resilient and guarantees perfect grip in all weather conditions. Put together, this gives you even more breathtaking visual experiences – anytime and anywhere.

- premium Leica optics for high-contrast, pin-sharp viewing images and superior colour fidelity
- innovative carrying system for quick and comfortable use
- compact construction – perfectly balanced and lightweight
- models: Trinovid 8 x 42 HD and Trinovid 10 x 42 HD

LEICA TRINOVID 10 x 42 HD

Includes innovative carrying system Adventure-Strap

— **Julian Aberle, Process Engineer (Leica Production):**
 “From now on I will never go on a trip without the Trinovid HD. Whether on holidays, on tours or on walks – there are surprising and fascinating observations waiting everywhere. When the time comes, I want to see more right away. The Leica Trinovid HD binoculars have been specifically developed for fast and universal use. They offer high optical quality and at the the same time they are extremely rugged. Best of all, the package includes the new Adventure-Strap. Thanks to this sophisticated neoprene carrying system, my Trinovid HD can be carried comfortably and it is always at hand at the moment I need it – and it can be stored again just as easily. These lightweight binoculars are easy to handle and don’t weigh down my gear.”
